

X-factors in a wine party

Description

Prompt: Create an emergency preparedness plan

Chef explaining about the food and wines at a wine dinner

Parties are integral to the wine eco-system. Be it wine-tasting, wine promotion, wine social or a formal black tie wine dinner, it often becomes incumbent upon a wine professional to organise such parties. And since at times these have to be done at short notice, I suggest **an emergency prepared plan** which involves coordination of the following aspects: **A Wine Ambassador, Qualified Sommelier, Dedicated Host, Chefâ??s Involvement, Winemakerâ??s Presence and Innovation and Collaboration.**

If that makes you curious then read more about it in the post shared below.

So, you want to throw a wine party ?
