

## Becoming a Wine Educator

### Description

**Tell us about the last thing you got excited about**

Those who follow my blog know that I'm someone who enjoys anything and everything related to the topic of wines. Whether it is a wine masterclass or a wine event or simply relishing a glass of wine at home, it's all a source of excitement for me.

Teaching about wines is an exciting profession

Coming specifically to today's prompt, well the last thing which got me excited is the thought about **becoming a full time wine educator**. Teaching is something I like and combined with my passion for wines, this would certainly be a source of great motivation and excitement for me.

So wish me luck my WordPress folks !!
