Wine Education Courses

Description

What could you do more of?

As a student of wine I think I could do more of wine educative courses.

My wine journey started sometime in later half of 2013. Before that I was conversant with wine as a alcoholic beverage but I was not actually studying it as a subject of interest.

Come 2014 and I did my WSET Level I II & III in a quick succession wherein I completed all three by August of that year.

But thereafter there has been a long gap.

Whereas itâ??s not a compulsion to undergo more courses on wines and spirits but since I feel that itâ??s one of my major passions, I feel I should do a few more such educative courses in order to broaden my horizons in my chosen field of interest.

Some of preferred courses in this regard are:

1. **DipWSET** also known as WSET Level IV or the Diploma in Wines

2. Some of courses offered by **Wine Scholar Guild** on different style and type of wines particularly Port and Sherry.

3. A few **Ambassador of Wine** courses viz Ambassador of CAVA etc.

I sincerely hope Iâ??m able to pursue some or all of above courses in near future. Cheers !!
