

Club Wineglitz

Description

Do you see yourself as a leader?

Wineglitz is a multi faceted brand which encompasses various kind of activities related to wines. Itâ??s first wine dinner was held in winters of 2019 at Delhi.

Club Wineglitz

The wine dinner which turned out to be a huge success, brought together passionate wine enthusiasts from different backgrounds, over some exceptional French wines.

There was so much of bonhomie and camaraderie generated that evening that it led all the guests to moot the idea of starting a wine club which would hold such wine gatherings regularly. And thatâ??s how Club Wineglitz was created.

Since I was considered by all as the driving force for organising and conducting this wine event, so it became incumbent upon me to humbly accept the leadership of the newly formed wine club.

So quite humbly, I would not be wrong in saying that **Iâ??m the leader** of a group of wine passionate members of the **Club Wineglitz**.
