

WSET Level 4 Diploma in Wines

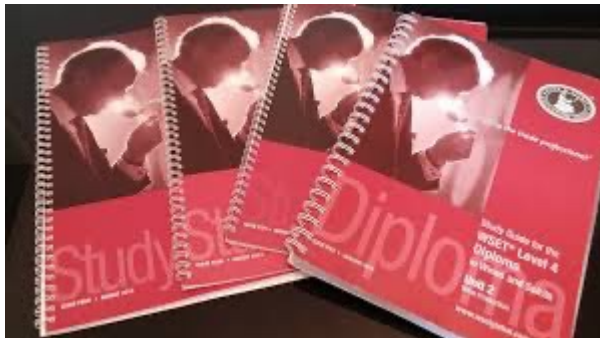

Description

What was the hardest personal goal youâ??ve set for yourself?

At the outset I want to reiterate that all my posts in response to the prompts given by WordPress are as related to my wine passion and not my life in general. Since my blog page is about wines only so I feel itâ??s justified and relevant to do so.

And in my wine journey so far, the hardest personal goal Iâ??ve set for myself is to pass the **WSET Level 4 Diploma in Wines**.

Having done the WSET level 1, 2 & 3 earlier, this appears to be a logical progression, but Diploma in wines is an expert level qualification which requires a high degree of commitment and hard work to pass.

Spanning over two years, this course covers all aspects of wine both in theory and practice. I know this is not going to be easy but I have accepted it as a challenge and would endeavour my best to pass it.

Cheers !!
